HELP US BUILD OUR INTERNATIONAL REACH

Having just crowned our 17th set of International Titleholders, International Junior Miss continues to be a force in the youth international pageant circuit. International Junior Miss has been frequently recognized as one of the very best events in pageantry with a truly iconic stage and no expenses spared production. Offering incredible cash prizes and travel opportunities to winners across all divisions, IJM truly is *the crown of opportunities*.

As we continue to grow our program, we look forward to expanding into additional countries. In addition to a thriving US-based market, we currently host live pageants abroad in South Africa, the United Kingdom, and in 2026, Australia. Additionally, we have hosted international delegates from the Republic of the Philippines, Bahamas, Ghana, and Taiwan over the years.

We would love to expand our reach in attracting high-quality contestants from across the world. That is the basis for our International Affiliate Recruiter Program.

This program allows those who wish to someday host a live pageant in their home country a pathway to directorship. It also allows country-based pageants to serve as a 'feeder' to our International Finale.

For those interested in someday hosting a live international event, we would hope to first see demonstrated success as a recruiter. Successful events are those that attract upwards of 10 contestants per division.

ALL ABOUT IJM REQUIRED COMPETITIONS

Each Required Competition counts for 1/3 of the preliminary total score.

INTERVIEW

The Interview Competition is a great time for delegates to show the judges know just why they should pick her as an IJM International Queen. Our judges are warm and friendly. They like to see a kid being a kid, and a teen who enjoys being a teenager. Miss and Elite delegates will have the opportunity to speak a little bit more about their plans for the future. All questions will be age-appropriate. There will be no political, religious, or 'textbook' questions. The judges simply want to get to know the delegates!

IJM prides itself on being fashion-forward. Interview attire should reflect that. Delegates are interviewing for the job of International Titleholder. Dresses, jumpsuits, and two-piece ensembles are all acceptable. Judges want to see a delegate's personality reflected in their interview attire. We are not looking for corporate-type suits.

FUN FASHION

Each delegate will model an outfit of her own choosing. It must be age appropriate and it should portray the delegate's personal sense of style and fashion. This outfit should be fun! It can be as simple or ornate as a delegate prefers but no denim attire, please. Delegates may accessorize as they like, but no props such as umbrellas, purses or bags will be allowed on stage. The emphasis will be on the timing of the routine rather than number of poses and turns. Each delegate will have approximately 40 seconds on stage for her Fun Fashion routine.

EVENING GOWN

All delegates must wear a floor length gown that is age appropriate for the Evening Gown competition. Remember, fit and style are very important in this competition. We suggest taking time to get garments tailored by a professional seamstress to fit a delegate's body. Following trends are great, but make sure the dress style compliments the delegates particular body type. Delegates are judged on grace, poise, and elegance during their presentation. The emphasis will be on the timing of

the routine rather than number of poses and turns. Each delegate will have approximately 50 seconds on stage for her Evening Gown routine.

Each year the International Royalty has embarked on a unique adventure traveling the world! They have been to New York City for New York Fashion Week, taking in all the sights and sounds including Broadway Shows. They have taken a trip “across the pond” to visit London and Paris. They have enjoyed dinner at the Eiffel Tower, observed the Mona Lisa, and visited many historic sites including shopping at the world famous Harrods. They went “down under” to take in the sights of Australia and experienced the beauty of The Republic of the Philippines, Italy, Costa Rica, Belize and Greece. They have gone “to the top” of the Burj Khalifa in Dubai and visited the Dubai Frame. In 2025, the IJM International Royalty had an incredible trip to Sweden where they truly received the Royal Treatment! Where will they go to next?
